

**Table 1**

The data about reproduction of one of the fragments on the first day of the session of the experiment

**Table 2**

The results of the reproduction of the whole text fragment on the second day of the session of the experiment

**Table 3**

Determination of the levels of significant factors

**Table 4**

The matrix of the levels of significant factors and computation of data for determining the influence coefficients

**Table 5**

The values of the coefficients of the degree of significant factors
